How

We Work

We have embraced the majority of the widely used open source web development platform.

✓ **FULLY DEVOTED TO THE PROJECT**

In The Digital Sarathi, we hire highly educated software developers, website developer and provide them encouraging environment so they can represent their best potential & skill.

✓ **AGILE SOFTWARE DEVELOPMENT**

Our team follows the Scrum method, so all participants stay up to date with their clients.

✓ **ALL THE TEAM IS ALIGNED**

Regular morning meetings in the office. We plan what we have to face and challenges for the week. We establish a culture and believe that communication is the key to meeting the needs of our customers.

How

We Work

We have embraced the majority of the widely used open source web development platform.

For this reason, we regularly hold events where various teams participate and exchange opinions. Ensure group work is maintained through shared sessions, code reviews, and daily discussions.

✓ **STABLE DEMO ENVIRONMENT**

We are providing the demo with a test or real data. We make a staging website first and later on once the client approves, we apply the changes to the LIVE website.

✓ **QA AND TESTING**

Testing & validation are very important part of the development so we have hired dedicated resources for tester role.

✓ **CODE IS ALWAYS ACCESSIBLE - GIT/BitBucket**

Code is the intellectual property so we keep them accessible and secured with GIT or BitBucket.

Thanks!!
